Hugs From Hunter Foundation began when two children saw a need to comfort other children after the death of their beloved cousin and friend, Hunter J. Biermeier. The organization was founded in 2012 to comfort hospitalized children and their siblings. We provide teddy bears and security blankets to children and offer the opportunity for children to help us in this endeavor. We believe that ***Kids Helping Kids*** is fundamental in the development of future leaders who exemplify the qualities of compassion, integrity, and service.
